

Blueprint for Black Wealth

An overview of The Collective's shared objectives, strategic planning roadmap, and the micro- and macro-level goals. Our first step (aka planning session) to build wealth for Black business owners in Columbus, Ohio.

Outcomes of **Strategic Planning Session 1**: August 26, 2024

Host/Sponsor: Freedom Equity Inc.

Convener/Lead Entity: COAACC

Facilitator: Organized Synergy

Strategic Objectives

The Columbus Black Wealth Collective Will...

Create Generational Impact

We're here to drive lasting change for Black people and businesses, building a legacy of economic empowerment.

Build Our Power Hub

We're establishing a central force for information, resources, and strategic action, responsive to our community's unique needs and opportunities.

Craft Our Collective Agenda

We're developing a shared roadmap that defines how we work together, aligning our goals, language, and standards across all stakeholders.

Execute with Excellence

We're committed to turning our vision into reality through strategic planning, collaborative execution (the blueprint), and engagement at every level of influence.

Secure Our Fair Share

We're uniting to advocate for equitable policy and funding at scale, making bold asks across corporate, government, and foundation sectors.

Starting Point for Our Ever Evolving Lexicon

Wealth

Wealth is the total net worth of an individual or household, including assets like savings, investments, real estate, and other valuable possessions. It represents long-term financial security and the ability to build generational prosperity.

Scalability

Scalability refers to a business's capacity to grow and expand its operations, customer base, and revenue streams without being constrained by its current resources and infrastructure. It reflects the potential for a business to achieve significant, sustainable growth.

Impact

Impact encompasses the positive, measurable change a business or individual creates in their community, whether through job creation, wealth generation, neighborhood revitalization, or other tangible improvements to the local economy and quality of life.

Sustainability

Sustainability refers to a business's ability to maintain and grow its operations, profitability, and market position over the long term, without compromising its core values or the well-being of the community it serves.

Entrepreneurial Mindset

The entrepreneurial mindset is a set of skills, behaviors, and attitudes that enable individuals to identify and seize opportunities, take calculated risks, problem-solve, and persevere in the face of challenges to build successful, innovative businesses.
